

Honorable Sir/Madam/Other,

Are you looking for a MUN with a twist?

The Secretariat of DomeMUN 2026 cordially invites you to the first edition of Dome Model United Nations. The conference will take place at Atheneum College Hageveld in Heemstede, the Netherlands on the 7th and 8th of February 2026.

DomeMUN gladly welcomes delegates with all levels of experience, from beginning to experienced debaters. To accommodate everyone taking part in DomeMUN 2026, we have a wide range of committees and issues with varying levels of difficulty, some of which include: HRC, ECOSOC and WHA.

This year's theme is: "Forming an international dome of peace". Peace plays a crucial role in the current state of the world, with the many ongoing conflicts and global uncertainty regarding peace and stability. By endowing future generations with critical thinking skills, political, economic and social knowledge, and the opportunity to debate on pressing global issues, we hope to encourage the future generations to think in a new way and create solutions to change the world for the better in the long term.

To give our Model United Nations an extra twist we have added new protocol to the standard procedures of a Model United Nations. All non-GA committees will be given a crisis issue to debate, which entails two issues that will be debated. One will be published on our website domemun.nl. The other issue will be made public while committees are in session. This ensures that delegates will be challenged in a new and exciting way.

To participate as a delegate, please follow the instructions in the registration forms at the end of this letter or visit the official Dome Model United Nations website <https://domemun.nl/>. For delegates, the participation fee is €60 and if delegates with a school there are no other school fees.

If you are interested in a position as a Student Officer, please fill in the corresponding forms and upload a motivation letter along with a letter of recommendation before the specified date. For Student Officer members and MUN directors, the participation fee is €30.

For any further questions, please do not hesitate to reach out to the organization by contacting us at domemun@hageveld.nl. We look forward to welcoming you on the first weekend of February next year. We are certain that together we can make the first edition of DomeMUN a success.

Faithfully yours,

Secretariat of DomeMUN 2026

Keira Wenckebach & Tijn Janssen – domemun@hageveld.nl
